## July 2011 Newsletter

---

There was a pretty good turn-up for our July meeting at the Welshpool Pub with about 14 members attending. We welcomed Kim back from her trip to Germany which she thoroughly enjoyed. The main focus of conversation was around our projects in hand and those planned for the future as well as our Anniversary, which is only a month away and to be held at the Toora pub on Saturday 13th August.

### Anniversary.

Could all members please search out past newsletters, and other similar documents for the display board at the function. Also if you know the whereabouts of past members or their addresses/contacts, can you please invite them, or let committee know so they can do so. It is hard to be absolutely accurate as far as numbers go, but this must be reasonably well done to allow catering to be prepared.

### TTT HT.

Good luck to our team of Deb, Tracey, Corinne and Sharna, in their efforts at the horse trials at Werribee at the end of the month.

### Motorbike.

It is hoped that a second hand, 4 wheel, motor bike will soon be purchased to allow us to smudge/grade the arena at the end of our rallies. The club is looking at a suitable machine to be tested in the near future which will be purchased by BARC and CIPC will contribute their share when they are able to do so.

### Trailer.

The club is investigating the purchase of a suitable trailer for movement of show jumps and dressage arenas. The possibility of getting one custom made by the man at Hedley is being mooted.

### Kitchen and Grounds.

CIPC have been successful in being awarded a grant to enable the kitchen at the clubrooms to be refurbished and rodent proofed. Preparation and storage areas will be renewed and the fridges will be assessed. Currently the electricity bill is rising considerably, therefore we need to be aware of the efficiency of equipment used (and left on). The same applies to the water usage, which will also increase over the next few years. As a partnership with CIPC, we aim to have our grounds and facilities as good as we can, given their use and the cost to the two clubs. Rental of grounds has also increased, so we may well be looking at charging a facility fee if/when we run competitions at Bennison, to help to discharge some of the increased expenses to both clubs.

### Dressage Comp at Won Wron 26/9.

There will be a working bee in preparation for this event (details later). Marnie and Bianca do not wish to run canteen this year as they wish to compete. Volunteers are needed to do this on the day. (Some names taken last night at meeting.)

26/9	BARC Dressage Jackpot (Second Leg Won Wron) Tests	B and C	
15/16/10	TTT SJ and 2 Day BARC Dressage Camp with Mat Archibald		

#### Out and About.

Not too much happening on this front other than all growing webbed feet! Chrissie reckons we all need to win Tatts and move to Queensland.....I'm not keen on the cyclones and bats!!

Lisa Beck and Louie Kim Glenys Clinic, rode Louie (thanks Beck). He was a very good boy, also got a sneaky ride on Lexie (thanks Michelle).  
rode at rally and one day at Glenys'. Hibernating other than that!  
**A huge thankyou to everyone at BARC for the voucher, very much appreciated. Have had an amazing time in Germany, visited Marbach Stud in South East which was amazing!**

Darcy Tracey CIPC at Tarwin SJ Day, 6<sup>th</sup> AM7. State Champs at Bachus Marsh, team of four. Great day but did not place.  
Layout cut his leg and is lame and sore!

Bianca and AK hibernating for the winter (except the dressage etc!!)

Michelle and Lexie 2 Dressage training days at Sale SJ and D club. Did 2 tests for both days and Lexie was very well behaved and did a good job!  
Liz and Cas Managed to get three rides in after our rally (where I had a "lightglobe moment" under Paul R's instruction). Cas is a great bush horse and manages to cope with all terrains including steep downhill slopes, high banks and logs. Looking forward to our first Official comp on Sunday at Sale, doing L5 SJ and Showing (although probably will be hard pressed to be able to do SOP with all this mud!!) Rem is very fat and a bit jealous of not getting out (yet) to be rescanned in September where our dressage comp will be the anniversary of her lameness from injury. Not sure how I will cope with 2 to ride if she is sound and back to "normal" !!

Maree, Elinor, Corinne, Merrin and Sharna all have been out competing in various events with success. I have not got these results at hand, but will compile them as soon as I have.

OK ready to go...remember those details for the Reunion, pass on to Chrissie for copying and collating (yesterday!!)
